1988 INDEX OF KEYBOARD® FEATURES & COLUMNS

EVERY DECEMBER, WE RUN AN INDEX, so you can find past articles and columns. See something you missed? Our Back Issues Ad is on page 159. And if the issue is no longer in print, you can order a photocopy for $3.50 for each article or column plus $2.00 for shipping by writing Photocopies/Back Issues, *Keyboard*, 20085 Stevens Creek, Cupertino, CA 95014.

16 Bit Upgrade For AKAI S-900

Tom Oberheim of **Marion Systems** presents the "MS-9C" 16-bit upgrade for the AKAI S-900 sampler. Now get 16-bit sound for a fraction of the price of a new machine.

- True 16-bit performance
- 86 db signal-to-noise ratio
- Installs in ten minutes with only a screwdriver
- Plays your present disks
- No change in sample times or sampling frequencies

Contact your music dealer or call Marion Systems now and start enjoying the fantastic performance that the "MS-9C" can give your S-900.
